# ID.6 CROZZ

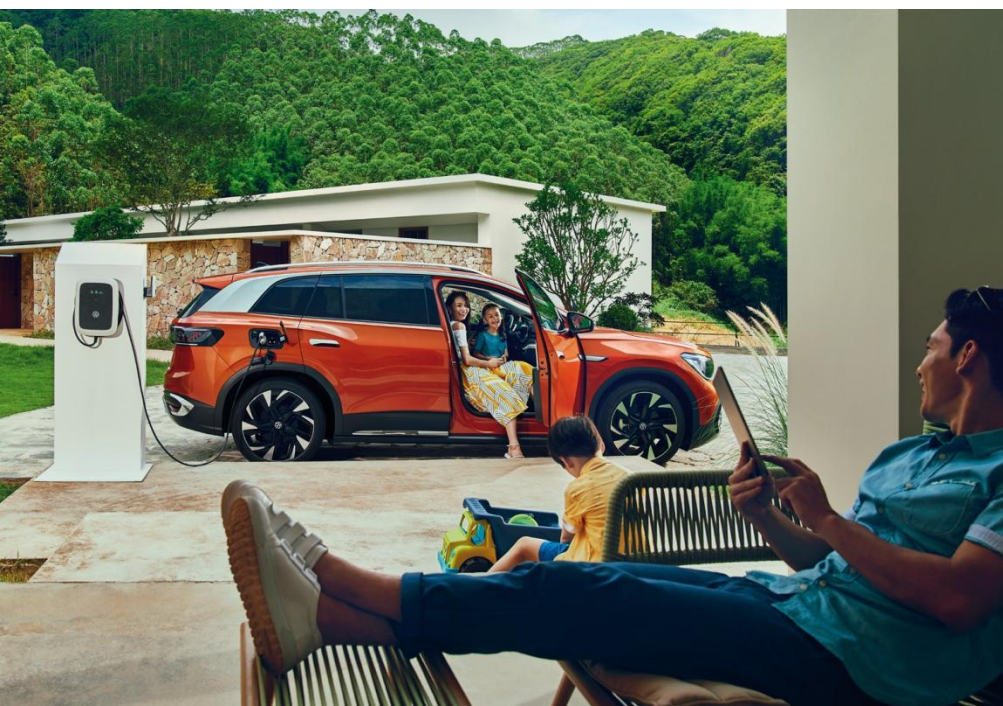

# ID.ROOMZZ design philosophy

## A mobile ROOM that takes family and home with you

## Technology-driven 100% pure electric genes, redefining the future of travel

### • MEB intelligent pure level station

Battery capacity increased by 217%\*1

Center of gravity decreased by 20mm\*2

Achieve a 50:50 gold counterweight ratio

Short overhang long axle brings more interior space and smaller turning radius

\*1. Compared with MQB platform pure electric models

\*2. Compared with MQB products of the same level

### • E<sup>3</sup> electrical and electronic architecture

Software and hardware are decoupled, and OTA remote online upgrade will be supported

ICAS has strong computing power, which is comparable to the smooth experience of mobile phones

Gigabit Ethernet transmission rate, high speed, high efficiency, high performance connectivity needs

# Intelligent technology cabin

The more complex the technology, the simpler the interaction

- Full touch steering wheel  
30 touch areas with 40 Settings
- "VW Ask" intelligent semantic interaction  
Directional pick up tone, one word, interrupt at any time

- AR HUD augmented reality head-up display that draws navigation on the road

# IQ.Light Smart Matrix headlights

Smart eyes smart light language comes from the ritual sense of lighting

- The whole system is standard with Matrix lens matrix headlights
- 4 lighting modes, 8 automatic lighting effects, millisecond reaction
- ID.Welcome mode, smart light
- 3D flow dynamic LED taillights

# **IQ.Drive Automatic driver assistance system**

Humanized intelligent driving system, farewell to the cold sweat index

- L2+ level automatic driving assistance system, easy to operate with one click
- 0-160Km/h full speed domain automatic stop-and-start and excellent lane-keeping capability
- Anti-collision, easy to deal with all kinds of emergencies

## **Space Magician**

Super big, super big, super big space

- 6/7 large space, 6 space modes
- Front 12 direction electric adjustment and pneumatic massage seats
- Second row airline headrest with large area soft wrap
- The whole system is standard with 2.17 square meters of super large glass canopy
- 30-color ambiance light with aurora surround effect

# Worry-free service

## Life/charging/battery full worry-free

- 601km CLTC E-range \*
- CO2 heat pump air conditioning, effectively improve the winter range
- 197 battery pack safety tests, 179 more than the national standard requirements
- 80% high-strength steel plate and 28.6% hot-formed steel

\* Above endurance based on 20 "wheel test

# A wide variety of styles

## Immediately call

The body color

Gaia orange

Nebula purple

Pearl white

Star cross blue

The polar white

Twilight gold

The dynamic rim

21 "high performance aluminum rims

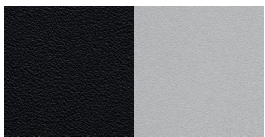

20 "fashion aluminum rims

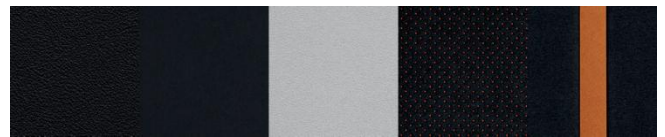

20 "dynamic aluminum rims

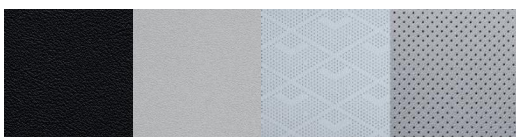

The seat fabric

Urban Energy Black style interior

Trend Strong style interior

Elegant rice style interior
